About the University

By the blessings of Anant Shri Vibhushit Shri Ravishankar ji Maharaj, Shri Rawatpura Sarkar University (SRU) was established in 2018 under Chhattisgarh Private University (Establishment and Operations) Act 2005. The University has approval under 2(f) and 12(b) of the University Grants Commission Act-1956. Shri Rawatpura Sarkar University is the 13th Private University in the country to be recognized under section 12(b). The University is a multi faculty and multidisciplinary institution offering Diploma, UG, PG and Ph.D. programmes in Engineering, Management, Pharmacy, Commerce, Science, Arts and Social Science streams. The University was set up with the mission to promote the human well being by imparting quality education in this tribal area of Chhattisgarh. To achieve this mission, we are committed to providing world-class infrastructure facilities, qualified and experienced faculties, research laboratories, outcome-based learning and a conducive and rich learning environment. The university is spread over 65 acres of lush green land and is offering a wide variety of educational programs to meet the requirements of the industry and researchers. We are committed to providing world-class education by maintaining the highest standards in our curricular, co-curricular and extra-curricular activities. The passing out graduates of the University will be equipped with the desired knowledge, skills and competence to confidently meet the challenges of the corporate world and the contemporary society.

Concept of the Seminar

India is currently going through a period of radical change. India is ready to confidently leap into the future to create history in the twenty-first century and is moving towards becoming a world leader in world politics with its leadership skills and intellectual resources. With a GDP of approximately US\$5 trillion, it is currently the world's fifth largest economy and by the end of 2027 it will rise up to third as per the estimation of IMF. India is expected to have a GDP of US\$30 trillion by 2047, which will be an important step towards a developed India. India is currently one of the fastest growing major economies in the world, certainly this is the golden age of change in

India. The 'Viksit Bharat 2047' agenda is part of a comprehensive vision plan of the Government of India, which aims to transform India into a developed nation by the year 2047, coinciding with the 100th anniversary of India's independence. The agenda of 'Viksit Bharat 2047' covers various aspects of development including economic growth, social progress, environmental sustainability and good governance. Despite this, there are many issues in India including poverty, unemployment, economic inequality, caste discrimination, communal animosity and gender discrimination which are very important challenges in the agenda of developed India. Are we ready to face all these challenges in developed India? India has shown remarkable progress in science & technology, entrepreneurship, innovation and economic growth; despite efforts and advancements significant improvements in crucial social issues remain elusive, which require urgent attention and understanding in the changing new context. Along with this, realistic efforts are necessary to achieve social justice through policy reforms.

Objectives of seminar

The objectives of seminar are to exploring the a comprehensive understanding of the vision; to explore and discuss innovative strategies, policies, and initiatives required to overcome the challenges and achieve goals by 2047; to analyse the current socio-economic, political, and environmental challenges facing India on its path to development; to empower stakeholders from various sectors, including government, industry, academia, and civil society; to identify the role of technology and innovation in driving socio-economic development; to engage and empower the youth as catalysts for change, encouraging their active participation in shaping the future of India; and eventually discuss frameworks and metrics for measuring progress towards the vision of a developed India, and evaluate the effectiveness of policies and initiatives implemented.
