### About the University

Shri Rawatpura Sarkar University was established in 2018 in accordance with the Chhattisgarh Private Universities (Establishment and Operation) Act 2005 with the blessings of Anant Shri Vibhushit Shri Ravishankar Ji Maharaj. The university has approved, under Sections 2(f) and 12(B) of the University Grant Commission Act, 1956. The university is 13<sup>th</sup> private university to be appeared under the section 12(B) of UGC. The University is a multi-faculty, multi-disciplinary institution offering Diploma, UG, PG, and Ph.D. programmes in the fields of arts, management, pharmacy, commerce and science. The university, which is located on 65 acres of lush green land, offers a wide range of educational programmes to satisfy the needs of academics. The university's graduating class will be prepared with the necessary information, abilities, and competence to face the challenges of the modern workplace and society with assurance.

### About the Workshop

A strong research methodology acts as the backbone of any reliable and impactful study. Its benefits extend far beyond simply ticking academic boxes, offering advantages for researchers, readers, and ultimately, the advancement of knowledge itself. Present workshop focuses on objectives and purposes of the research. Concept of method has been discussed under separately.

### Objectives of Workshop

- The main objective of the workshop is to introduce the basic concepts in research methodology in Arts, Humanities, Management, Science and Engineering.
- This workshop addresses the issues inherent in selecting a research problem and discuss the techniques and tools to be employed in completing a research project.
- This will also enable the participants to prepare report writing and framing Research proposals.
- The study of SPSS (Statistical Package for the Social Sciences) data analysis Software is being utilised by most of the researchers in order to perform better and understand the correlation between the variables in research area.

### Outcomes of the Workshop

- Participants who complete this workshop will be able to understand and comprehend the basics in research methodology and applying them in research area.
- This workshop will help them to select an appropriate research design.
- With the help of this workshop, participants will be able to take up and implement a research project.
- The workshop will also enable them to collect the data, edit it properly and analyse it accordingly. Thus, it will facilitate participants prosperity in higher education.
- The Participants will develop skills in qualitative and quantitative data analysis and presentation. Participants will be able to demonstrate the ability to choose methods appropriate to research objectives.
